

Exposoft Solutions Inc. Announces New Tennant at Creditview Location

Mississauga, Ontario, September 25, 2007 - Exposoft Solutions Inc. is pleased to announce the addition of their new tenant to their offices located at 6990 Creditview Road, Mississauga. Indigene Pharma Inc. will open its 5,000 square foot offices effective September 2007.

This will be the first office in Canada for the rapidly growing biopharmaceutical company with additional operations in the USA, Europe and India.

Indigene Pharmaceuticals, a rapidly growing biopharmaceutical company founded in 2002, has made significant advances in developing and delivering innovative molecular combination based healthcare products Multiceutics™ for global prescription (Rx) and consumer healthcare (CHC) markets. Indigene currently markets its CHC products in the USA through drug retail chains and direct-to-consumer channels; with plans to launch their CHC product line in Canada in early 2008.

“Indigene is a perfect addition for the completion of our offices which began three years ago with the planning principle to make Exposoft Solutions a permanent fixture in the Mississauga area. Stated Bassel Annab, President and CEO. “We look forward to welcoming Indigene into their new offices”.

Since 1996, Exposoft has been providing innovative web-based solutions to clients who value powerful event experiences.

Whether at a conference, a trade show or sporting event, or for 50 to 800,000 people, our pedigree in offering integrated guest management solutions is exceeded only by our superior client support services, giving you the confidence to focus with greater intensity on what you do best; drive revenue and deliver measurable success.

We invite you to experience the Power of Connection through Exposoft Solutions today.
